## Profile

I am a dedicated and skilled software engineer specializing in WordPress development. My experience includes extensive work in creating and modifying WordPress plugins and themes. I have a strong foundation in software engineering principles, best practices and WordPress coding standards. I am well-versed in integrating third-party services like Elastic Search, Mailchimp. Along with it, I have a deep understanding of web fundamentals.

## Experience

### **Sr. Full Stack Developer | Pixacore | Jun 2023 - Jan 2025**

- Optimized the automation process from 12 hours to 4 hours.
- Created a comprehensive dashboard system to manage data of trials received from <https://clinicaltrials.gov> for various pharmaceutical clients.
- Developed different panels for various events of pharmaceutical clients such as BMS, Genentech.
- Optimized the dashboard system for scalability and maintainability.
- Implemented the functionality of 'Post reviews by different users before publish' using Oasis Workflow plugin.
- Integrated the dashboard system with Elasticsearch using the ElasticPress WordPress plugin.
- Created custom fields and Gutenberg Blocks using ACF plugin.
- Implemented WordPress REST APIs.
- Utilized Postman to test and validate REST APIs, ensuring functionality, and reliability.
- Implemented custom WP CLI commands.
- Generated PDF report using mPDF and Excel report using PhpSpreadsheet.
- Utilized Chrome DevTools to debug issues, and inspect DOM/CSS/JS/Cookies during web development.
- Managed version control and collaborative development using Git, including branching, merging, and resolving conflicts.
- Conducted peer code reviews, ensuring code quality, adherence to best practices, and identifying potential improvements or bugs.
- Handled some tasks on server such as Git pull, debugging the issues on the server, DB backup, etc.
- Mentored junior WordPress developers.
- Created flow charts, sequence diagrams, instruction files and documentations for the system.

### **Sr. Software Engineer - Product | Wisdmlabs | Jan 2018 - Jun 2023**

- Customized WordPress themes and plugins to meet client specifications and enhance user experience.
- Implemented responsive web design to enhance website appeal on mobile devices.
- Collaborated with cross-functional teams including designers, content creators, and project managers to deliver projects on time and within budget.

- Performed website updates, bug fixes, and troubleshooting to ensure optimal performance.
- Optimized website speed and performance through caching techniques, image optimization, and code optimization.
- Integrated third-party APIs into WordPress websites for enhanced functionality.
- Created custom post types, taxonomies, meta boxes and ACF fields to organize content effectively.
- Utilized version control systems (e.g., Git) for efficient code management.
- Implemented e-commerce functionalities using WooCommerce, Easy Digital Downloads and other relevant plugins.
- Implemented analytics tracking (e.g., Google Analytics) to monitor website performance and user behavior.
- Improved website conversion rates through effective call-to-action placement and design.
- Collaborated with marketing teams to develop optimized landing pages.
- Decreased website loading speed by optimizing database queries, reducing server response time, and leveraging caching techniques.
- Implemented multilingual functionality using plugins like WPML or Polylang.
- Demonstrated strong problem-solving skills in resolving complex technical issues related to WordPress development.
- Worked with plugins such as Elementor, Contact Form 7, OptinMonster, ACF, Autoptimize, Query Monitor.
- Created documentation including user manuals, technical specifications, and training materials.

## Education

**MASTER'S DEGREE IN COMPUTER APPLICATIONS | JUL 2018 - JUN 2021 | UNIVERSITY OF MUMBAI**

**B.SC IN INFORMATION TECHNOLOGY | JUN 2014 - APR 2017 | UNIVERSITY OF MUMBAI**

## Skills & Abilities

- WordPress (6 years)
- PHP (6 years)
- HTML, CSS, JavaScript, jQuery (6 years)
- MySQL (6 years)
- REST (3 years)
- React (1 year)
- Git (6 years)
- Linux (6 years)

## Self Projects (Github)

- [WordPress Post Contributors Plugin](#)
- [WordPress Guest Post/ Page Submission Plugin](#)
- [Gutenberg Block for Pricing Table](#)
- [Gutenberg Block for Best Seller Book](#)

## Languages

- English - Expert
- Hindi - Fluent

## Certifications

**REACT JS MASTERY BY UDEMY | AUGUST 2023 TO PRESENT**

Link of the Certificate: <https://www.udemy.com/certificate/UC-7acf095f-3551-4e11-afc1-05969af3f220/>
